

1820 Census

Included states of: Connecticut, Delaware, District of Columbia, Georgia, Illinois, Indiana, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, New Hampshire, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia.

Census is arranged with census index name by locality. There are repeatable locations in which we find Crippens. Frequently within these locations are index translated names with spelling variations. Most common would be the Crippen/Crippin/Grippen/Grippin variation. A name which appeared as a potential Crippen variation would be included for the following reason: An obvious known Crippen family 1st name missing from a location family set or a possible Crippen family candidate for which further research may be required to prove or eliminate. Since it appears Crippen was interpreted many ways by the translators, there is no guarantee to have captured all variations. Use your judgement and family knowledge.

Note 1: Griffen/Griffin not included, unless they appear in a locality with Crippen/Grippen.

There were 42 Cropper names listed in 1820 census (and not listed in this census list). Majority of Cropper translation are in Delaware, Maryland, & Virginia. A few others of the Cropper name scattered in other states. It's a possibility they were actual Croppers, however, some could be an image translate interpretation error. **For Ex.**, Rueben Crippen of Egremont, Massachusetts is listed in one index as **Cropper**. A different census index lists him as **Crippen**. On the other hand, Gen. John Cropper (Rev. War), Accomack, Virginia appears to have a firm tie to the Cropper name.

Note 2: There were two designations for Males, that fell in the 16, 17 and 18 year old category. One was for males between the ages of 16 and 18, the other was for males between 16 and U26, including heads of families.
